

# 5TH / RIDGE / MCINTIRE MULTIMODAL CORRIDOR STUDY

from Harris Road to Harris Street

## COMMUNITY MEETING #1.

January 17th, 5 pm - 7 pm

at City Space (100 5th Street NE, Charlottesville, VA 22902).

A public information workshop for the 5th / Ridge / McIntire Corridor Study will be held on January 17th at City Space in Charlottesville, Virginia. The meeting will be conducted in an open house format between the hours of 5PM and 7PM. The purpose of the meeting is to present the information collected thus far and receive input regarding issues and opportunities within the study area. Ultimately the recommendations of the study will address topics such as safety, corridor congestion, and multimodal accommodations.

If you would like more information about this meeting or the project, or if you need special accommodations under the Americans with Disabilities Act of 1990, please contact Tony Edwards (Development Services Manager) prior to the meeting at 434-970-3182 or by email at [edwardst@charlottesville.org](mailto:edwardst@charlottesville.org)

### PROJECT DESCRIPTION

The City of Charlottesville, with assistance from EPR, P.C., has been conducting a study of the corridor made up of 5th Street, Ridge Street, Ridge-McIntire Road, and McIntire Road between Harris Road and Harris Street. The study began in the fall of 2017 and will be concluded in the summer of 2018.

The purpose of the study is to identify and document opportunities to reduce congestion, improve safety, and accommodate bicyclists, pedestrians, and transit. The final study document will identify projects to be addressed in the short, mid, and longer term timeframes, along with potential funding sources for implementation.
