Keep fats, oils and grease (FOG) out of your drain to prevent sewer backups and clogs in your home!
Prevent fats, oils, and grease from damaging your home and the environment.

5 Easy Tips for Being a FOGBUSTER

1. Pour cooled fat, oils or grease into a container.

2. Put container in the freezer.

3. Scrape frozen FOG from container into the garbage.

4. Scrape food scraps and FOG from plates, pots and pans into the garbage.

5. Soak up remaining fats, oils and grease with a paper towel.

Sources of FOG:
Cooking oil, gravy, butter, sauces, oil from cooked meats, sour cream, mayonnaise, milk, cream, soup, food scraps
