Application for Large Item Pickup

Name: _____

Pickup Address: _____

Daytime Phone #: _____

Please note the following before purchasing your pickup:

- The non-refundable fee for a large item pickup appointment is \$35.00 for the first pickup, \$50.00 for the second, and \$100.00 for the third and all subsequent pickups, using a rolling calendar year.
- The average maximum wait for a scheduled pickup date is two weeks, but may vary according to demand.
- Residential addresses receiving curbside trash and recycling collection are eligible for this service. Business addresses are *ineligible* for large item pickup.
- Recyclable cardboard, automotive parts, hazardous waste, and contractor spoils and any construction debris may not be disposed of via large item pickup.
- The maximum volume limit per pickup is one dump truck load (10' by 8' by 6'). Please call Public Works at 970-3830 if you need assistance determining the size of your load.
- Brush must be between 3 and 10 feet in length, and no greater than 6 inches in diameter. If you have paid a contractor to cut down a tree or trim hedges, the city will not dispose of the tree or hedges. In these cases, the contractor or homeowner must dispose of such material through another means than Large Item Pickup.
- Large item appointments are not refundable, nor transferable to another property; payments for cancelled pickups may be used to reschedule another available pickup for the same property at a later date.

PLEASE DIRECT QUESTIONS REGARDING THE SCHEDULING OF LARGE ITEM PICKUPS TO THE PUBLIC WORKS DEPARTMENT AT 970-3830.

I herewith make application to the Treasurer of the City of Charlottesville for a Large Item Pickup appointment for the above address.
