

Responses to Questions posed to CRHA concerning RFQ Q180001:

- Does CRHA intend to Property Manage the proposed projects. It is unclear in the RFQ. In one section it seems to state that CRHA intends to property manage and in another section it notes property management as a partner responsibility.
 - CRHA intends to manage (or separately contract for the management of) the proposed projects.
- Can you clarify the quality control program?
 - This relates to the measures the firm typically employs to assure that the deliverables generated by the developer are sound and responsive to the needs/objectives of a client's project.
