</tbody>
</table>
Active Investigations:
- One investigation ongoing
  - Public Accommodation Discrimination on the basis of race
  - One potential pending witness interview

Outreach:
- Service Provision
  - None since last HRC meeting
  - Currently at or near capacity in terms of daily external contacts and ability to follow-up
- Education & Awareness
  - None since last HRC meeting
- Facilitation & Leadership
  - Public Housing Association of Residents Community-Based Research Review Board (CRRB)
    - Next meeting: Monday, 1/13/2020, 9am, at LAJC
      - MOU is currently being reviewed by the PHAR Administrative Committee for approval to be shared with the UVA IRBs and Equity Center
      - Still determining the legal and financial structure of the CRRB
      - Draft position descriptions and applications for Board Members and CRRB Coordinator under review
      - Current outreach to community members interested in serving as paid Review Board members is on hold until legal structure is finalized
  - Housing Hub/Housing Navigation
    - Next meeting: TBD, likely February 2020
      - Continued discussion focused on efforts to improve affordable housing navigation
      - Affordable housing database still expanding
        - Partnering with a law student through LAJC
        - Partnering with UVA School of Data Science on a potential project to create a GIS map of all properties in the City were portable vouchers are attached
          - Two potential benefits of this project
            - Better Housing navigation
              - We will be able to see which landlords currently accept vouchers
                - We can couple this with existing data to create a more robust navigation database
              - We will be able to see areas in the city where known rental properties exist that do not accept vouchers
                - We can use targeted outreach to landlords to learn their concerns about vouchers and explore potential incentive programs to encourage them to accept vouchers
            - Potential for data to support advocacy around “source of payment” discrimination
              - If the geographic patterns of voucher acceptance and rejection match the geographic patterns of historical segregation in the city, then this data could be used to show that “source of payment” discrimination perpetuates historical segregation.
